

The puzzle is a 10x10 grid with a 2x2 block of 4x4 sub-grids. The sub-grids are defined by thick black lines. The grid contains the following numbers and symbols:

- Row 1: 12 (top-left), 15 (top-middle), 9 (top-right), 14 (far right), and a right-pointing chevron symbol (>) in the 7th column.
- Row 2: A downward-pointing chevron symbol (v) in the 4th column and a left-pointing chevron symbol (<) in the 5th column.
- Row 3: 6 (left), 17 (right), and a right-pointing chevron symbol (>) in the 5th column.
- Row 4: A right-pointing chevron symbol (>) in the 4th column, a right-pointing chevron symbol (>) in the 5th column, and a horizontal bar symbol (=) in the 6th column.
- Row 5: A downward-pointing chevron symbol (v) in the 4th column and a horizontal bar symbol (=) in the 6th column.
- Row 6: 8 (left), a right-pointing chevron symbol (>) in the 5th column, a horizontal bar symbol (=) in the 6th column, and a left-pointing chevron symbol (<) in the 7th column.
- Row 7: 10 (left), a right-pointing chevron symbol (>) in the 3rd column, a right-pointing chevron symbol (>) in the 6th column, and a left-pointing chevron symbol (<) in the 7th column.
- Row 8: 5 (middle), a horizontal bar symbol (=) in the 7th column, and a horizontal bar symbol (=) in the 9th column.
- Row 9: A horizontal bar symbol (=) in the 4th column, a horizontal bar symbol (=) in the 6th column, and a horizontal bar symbol (=) in the 9th column.
- Row 10: A right-pointing chevron symbol (>) in the 3rd column, a horizontal bar symbol (=) in the 6th column, and a horizontal bar symbol (=) in the 9th column.
